We have started a contest where you can win a copy of Crysis just by posting one post!

What you have to do to participate is register a account on this forum and post one single post!

But for every 10 posts will increase your chances for winning.

It means if you have 100 posts you will have 11tickets to the lottery.

The contest will stop at 10 000 posts, it means if the forum reach 10 000 posts before the release the contest will be stopped. That will say if you have posted 100 you will have more then 1% chance to win since I can't participate in the contest.

The rules are simple

- You have to be over the age of 15.

- If you are living outside the EU/US you have to pay the shipment or you will recive a digital edition if that is possible.

- The winner will be drawn at release date in Europe and sent as fast We have a copy in my hands.

- You only need to post one single post to be in this contest, but you can increase your chances by posting more.

- Only one account per user is allowed.

-If You feel like with one contest is not enough you can push yourself a bit further and join same contest in our partner Site www.cryeditor.com

Right, so the day has come folks, I have been thinking lately a lot about our small and friendly community even though it didn't really work out how we would like it to and so on, we still kept our word and will announce a Winner!

The Winner of Crysis Copy is NightSt@Ik3r

I really wish i could give a free copy to everyone one of you guys especially to all our Mods BVG, XxR3zD3ViLxX, Dual, Scott thanks fur helping me running the forums, also our loyal members Haze, Truly, Satan, Tsalso and many others, but unfortunately i can't, as most of you already know all the hosting costs plus Ventrilo and next week a also gaming server are and will come from my and my brothers pocket! However there will be more prizes coming soon and dunno why but i got this crazy feeling that they will be even much more valuable :D than a copy of Crysis , but now once again Congratulations to NightSt@Ik3r.

Congratulations buddy ;), stay in touch to sort out delivery method etc.

cheers
