*** Resized it to 1024rez, coz 1440 would've been too huge for the page display, at least for some of u, *i haven't had time to "Style and eye candy it" themes, logos, etc, coz its a new build.

:angry: I'm really off to studyin now...:cheer:

vista is cool, but having both vista and XP is the ownage :)

thanks btw :P

Changed my desktop (since I posted that I've used 4 diferent backgrounds), erased the sidebar becouse to me its just worthless :P
